TRAIDAMID®

TRAID VILLARROYA manufactures a complete special range of TR AidAMID® products for the all types of industries, including bearings, pulleys, pads, and sheaves. There is an emphasis on increasing the uses of various of our plastics. Our materials operate in many varied and often challenging applications. An unwavering commitment has always been maintained to the highest standards of the quality, as well as for the protection of the environment in the communities in which we live and work. The long-term business success of our products depends on our ability to ensure that our quality remains a top priority for the management and each employee. This idea is our commitment to making sustainable health a reality through innovative technology and services focused on addressing three critical needs: lowering costs, helping our customers and improving quality.

TRAIDAMID®

TRAIDAMID® G MOS2 is a perfect choice as a dry lubricant-filled bearing material. Manufactured to be a more crystalline product with improved wear resistance, TR AidAMID® G MOS2 also offers improved compressive strength. This means that this material has both the characteristics of polymerised cast nylon, described above, and improved smoothness and reduced humidity absorption capacity.

TRAIDAMID®

TRAIDAMID® 901 is a MC Nylon produced with a heat stabilizer in blue color. The heat stabilizer reduces oxidation and molecular degradation at high temperatures, extending the lifetime of the material at high temperatures. Although it retains the general features of TR AidAMID® G it is easier to machine and U.V. ray resistance is better.

With TR AidAMID® products, we're confronting the ever-changing marketplace by reinventing the way we do business. For products we can make better and faster, we're focusing our manufacturing operations on specialized applications around the world. For other offerings, we're building strategic global partnerships to bring customers the highest-quality products at the lowest cost. Meanwhile, we're standardizing global product platforms to provide consistency to our customers, wherever they're located. And no matter the product, no matter the supplier, we're working harder than ever to ensure the superior design and quality our customers count on.

And the evolution of TR AidAMID® continues ... After all, we're more than a manufacturer. More than a distributor. We're an essential resource. Our customers' challenges keep changing, and we're helping them adapt every step of the way.
